

# S-STEM Process

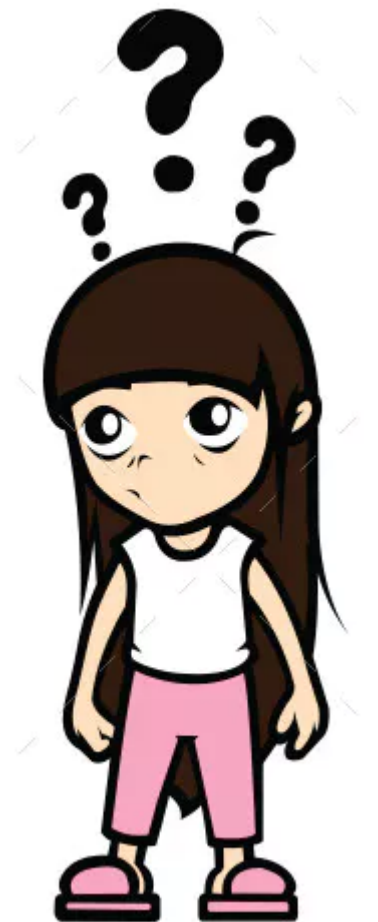

We will hopefully announce scholarship awardees in a week (when FA office has results)

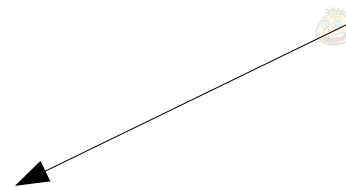

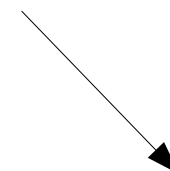

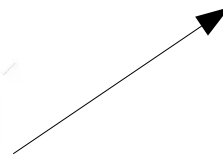

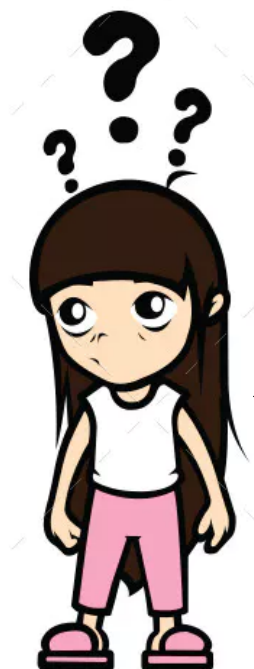

# First Wednesday of Fall Semester (Noon)

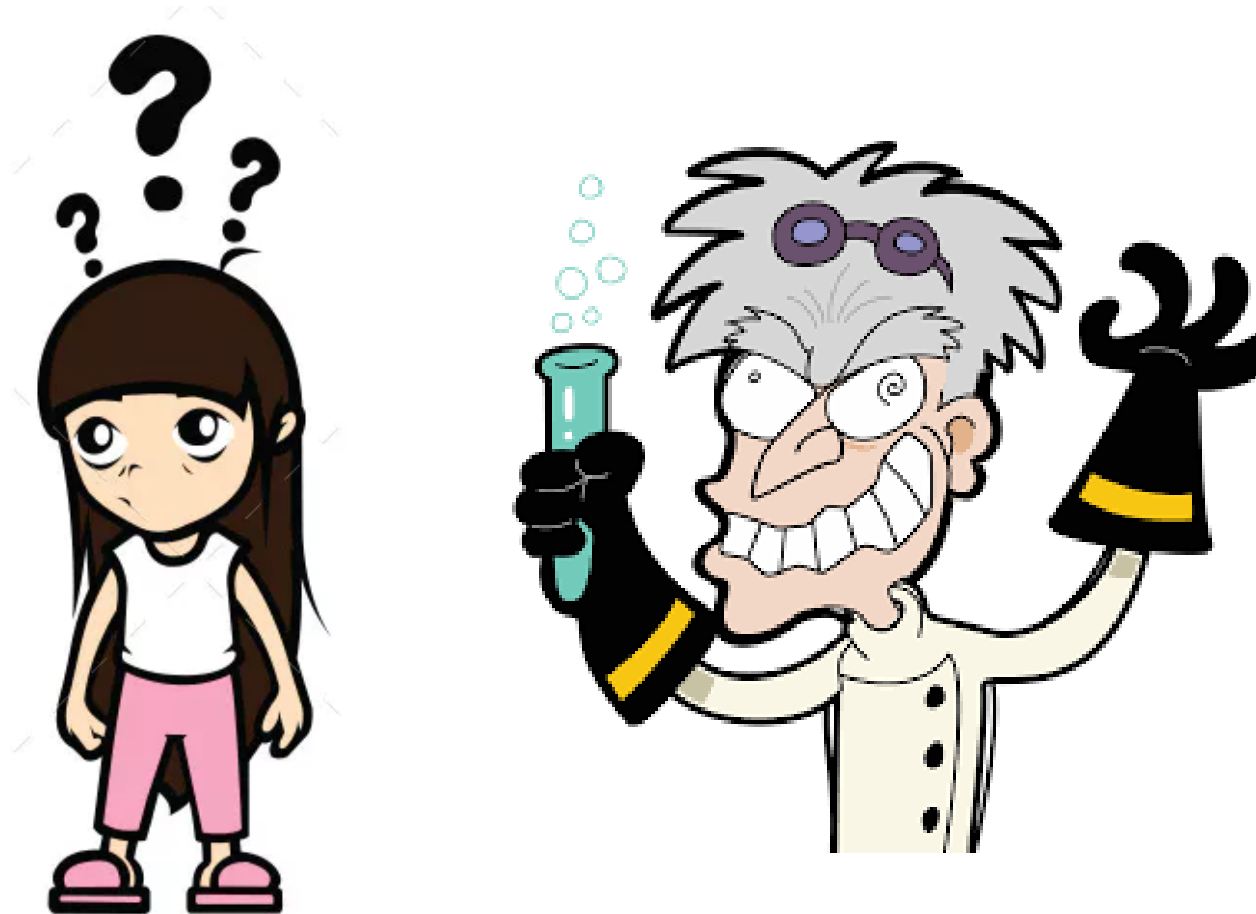

You get **ONE slide** and **3 minutes** to describe your research.

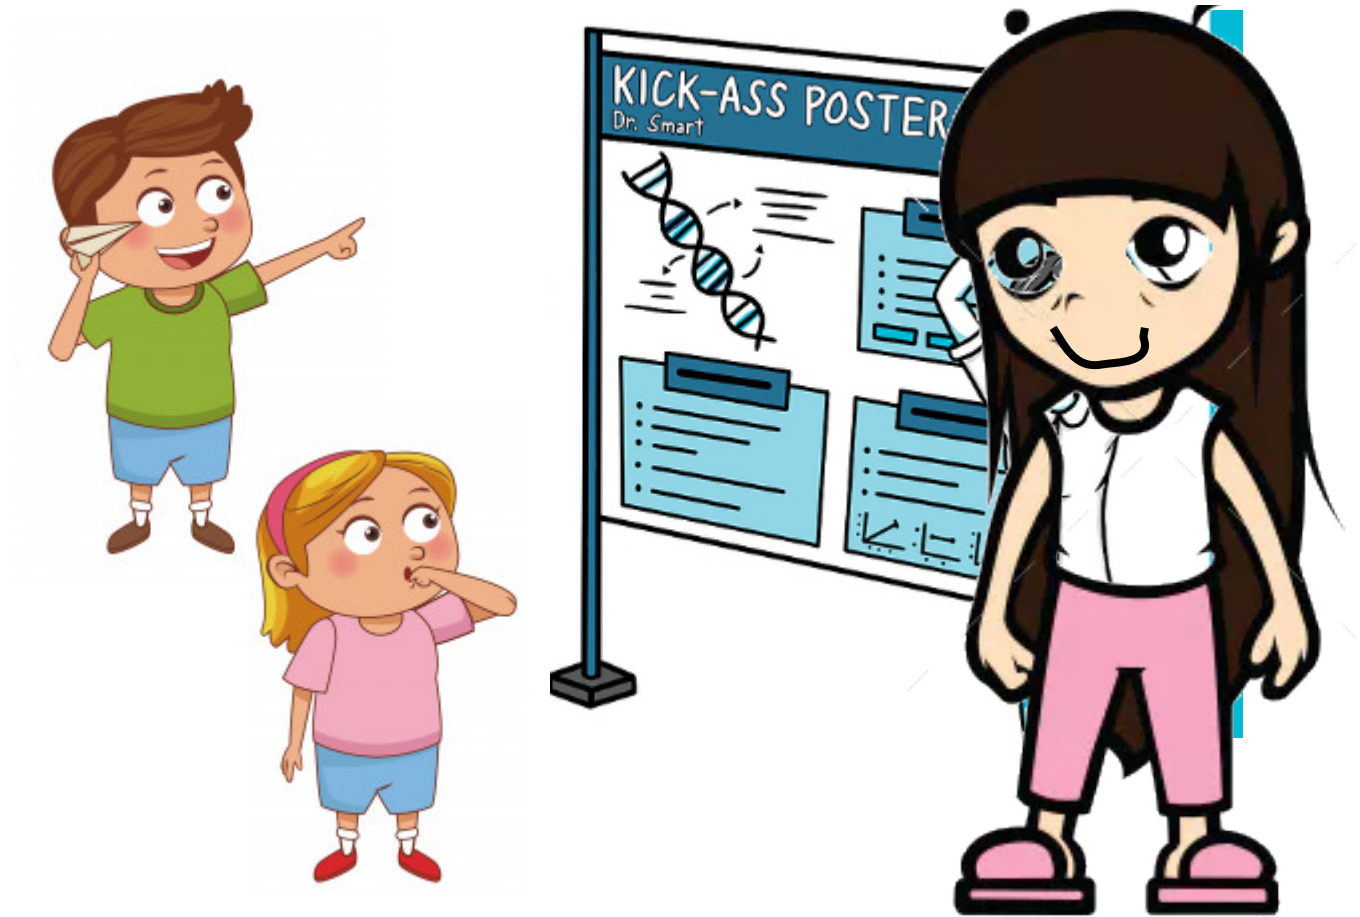

# 5 Lab rotations - 2 Weeks Each

Student picks a lab  
Student and mentor sign a contract

# Over the next month, you will develop a project proposal

Poster session at end of semester to show all projects

# We will be spying on you the whole time

So we can learn about what makes for better mentoring...
